ACADEMIC DETAILS

B. Tech Lateral Entry (CSE)	2024-2027	MMMUT, Gorakhpur	7.3/10.0
Diploma (Information Technology)	2021-2024	Government Polytechnic Lucknow	83.2%
Class XII (CBSE)	2021	Central Academy	77.6%
Class X (CBSE)	2019	Central Academy	80.2%

INTERNSHIP/EXPERIENCE

Software Develop Associate

NIELIT, Gorakhpur

January 2025-february 2025

- Completed a foundation course in Artificial Intelligence with focus on Python programming, machine learning basics, and data handling.
- Developed and implemented multiple AI-based mini projects, applying core AI concepts, logical reasoning, and problem-solving skills.

Summer Intern

Softpro India Pvt. Ltd.

July 2023-September 2023

- Worked on full-stack web development using HTML, CSS, JavaScript, PHP, and SQL to build dynamic applications.
- Gained strong foundation in programming, data handling, and problem-solving, supporting further work in Python and AI-based applications.
- Collaborated with team members to analyze client requirements and implement project features.

PROJECTS

AI-Based Sign Language Detection System

December 2025 – January 2026

- Project Link:
- Designed and developed an AI-based sign language detection system using computer vision and machine learning techniques.
- Implemented real-time hand gesture recognition using Python, OpenCV, and deep learning concepts for accurate sign classification.
- Improved accessibility by enabling gesture-to-text conversion, focusing on model accuracy, data preprocessing, and performance optimization.

Online Examination Management System (Nalanda Open University)

June 2024- July 2024

- Project Link:
- Designed and developed a web-based online examination management system supporting separate student and admin authentication.
- Implemented secure login, password management, online test execution, and result viewing for students in a remote environment.
- Enabled admin features including news updates, question bank management, exam setup, and centralized monitoring to support remote examinations.

ACHIEVEMENTS

- Delivered a seminar on MS Office basics during a one-week government-sponsored training program at the SDM Office, Lucknow.
- Secured Third Prize in an article writing competition organized by BIS (Bureau of Indian Standards).
- Secured winner position in a school-level Olympiad for academic excellence.

SKILLS

Technical: C, Python, Java, HTML, CSS, JavaScript, SQL, OpenCV.

Curriculum: Artificial Intelligence, Machine Learning, Computer Vision, Database Management Systems, Software Engineering.

Certificates: Machine Learning || Python (NIELIT, Lucknow), Digital Image Processing (ISRO).

Interests:

- Artificial Intelligence, Machine Learning, Computer Vision, Data Analysis
- Web Application Development, Problem Solving, Real-Time Systems, Computer Network.

EXTRACURRICULAR

- Participated in the BIS Youth Connect initiative focused on standardization, quality awareness, and technical writing.
- Group Leader and Winner (twice) in street play competitions organized by BIS, contributing to planning, coordination, and public awareness initiatives.
- Participated as Group Leader in HackStrome Hackathon, my team shortlisted in the top 50 among 2500+ teams.
